Greg Thanks for spending the time to meet with us. We are looking forward to a productive and collaborative process. We will let you know about when we can meet with the local officials and ARSG.

Martin:

Thanks for setting up yesterday's meetings. I enjoyed the opportunity to meet with you, Jim and the rest of the attendees. I thought that the meetings were productive, and believe that we have an exciting opportunity to work together to achieve our mutual goal of efficiently improving water quality in the Animas. No doubt there will be a lot of "cat herding" required. Please never hesitate to pick up the phone and give me a ring to discuss.

Regards.

Greg
